(All Meet [EPA's criteria](#) for use against the virus that causes COVID-19)

When considering [EPA's list](#) of products to use to clean your home or office, Green Seal recommends choosing products with the following active ingredients. These chemicals are known to be less hazardous to human health and do not cause allergic reactions, asthma, or exacerbate asthma:

- hydrogen peroxide
- citric acid
- lactic acid
- ethyl alcohol (also called ethanol or just alcohol)
- isopropyl alcohol
- peroxyacetic acid
- sodium bisulfate
- hypochlorous acid

On EPA's list of recommended disinfectants, the agency includes several products with these active ingredients, including:

- Force of Nature Activator Capsule (EPA Registration No. 93040-1) (10-minute contact time) ([Green Seal Certified](#))
- EnvirOx Critical Care (Registered under the name Axen(R) 30) (EPA Registration No. 72977-3) (3-minute contact time)
- Clorox Commercial Solutions Hydrogen Peroxide Disinfecting Cleaner and Clorox Healthcare Hydrogen Peroxide Cleaner Disinfectant (EPA Registration No. 67619-24) (1-minute contact time)
- Diversey's Oxivir Wipes (EPA Registration No. 70627-60) (1-minute contact time)
- GOJO Industries PURELL Multi-Surface Disinfecting Cleaner, PURELL Multi Surface Disinfectant and PURELL Professional Surface Disinfectant (registered under the name URTHPro) (EPA Registration No. 84368-1) (1-minute contact time)
- Ecolab's Peroxide Multi Surface Cleaner and Disinfectant (EPA Registration No. 1677-238) (2-minute contact time)
- Ecolab's Peroxide Disinfectant and Glass Cleaner RTU (EPA Registration No. 1677-251) (.75 minute contact time)
- Clorox Pet Solutions Advanced Formula Disinfecting Stain & Odor Remover (EPA Registration No. 5813-110) (5-minute contact time)
- Clorox Commercial Solutions® Hydrogen Peroxide Cleaner Disinfectant Wipes and Clorox Healthcare Hydrogen Peroxide Cleaner Disinfectant Wipes (EPA Registration No. 67619-25) (2-minute contact time)
- Diversey's Oxivir TB Ready-to-Use Liquid (EPA Registration No. 70627-56) (1-minute contact time) (1-minute contact time)
- Diversey's Oxivir Five 16 (registered under the name Oxy-Team Disinfectant) (EPA Registration No. 70627-58) (5-minute contact time)
- Diversey's Alpha HP Multi-Surface Disinfectant Cleaner (registered under the name Phato 1:64 Disinfectant Cleaner) (EPA Registration No. 70627-62) (5-minute contact time)
- Lysol Disinfecting Bathroom Cleaner (EPA Registration No. 675-55) (5-minute contact time)
- GOJO Industries PURELL Professional Surface Disinfecting Wipes (EPA Registration No. 84150-1) (5-minute contact time)

Please follow the manufacturer's instructions carefully on these products as they only work well when used properly, don't forget the value of first cleaning high touch surfaces with traditional soap and water, and use gloves properly.
